BOTHA EXPRESSES REGRET

That England Misunderstands The Language of the Boer Appeals.

London, Oct. 30-The Contemporary Review has published an article by 1 04 be sustained in his General Botha in which the writer inon of the national govern- sists upon the loyalty of the Boer leaders to Great Britain. He expresses regret that the language of some of their appeals is misinterpreted in England and re-iterates a fervent desire to co-operate with the British government in smoothing the effects of the war.

Gen. Botha says, that is is humillating to have to appeal to foreigners for he believes that if Englishmen realized the lines upon which the the pitiable condition of their vanquished fors, there would be no need to make appeals for help.

In conclusion the writer urges general and complete amnesty, which he says would remove the most potent cause of the estrangements between the Britons and the Boers.

A GALLON of MONEY GIVEN AWAY!

SEE THE SHINING SILVER DOLLARS, HALVES, QUARTERS AND DIMES

TAKE A LOOK AT THE CRISP BANK NOTES AND BRIGHT NICKELS and PENNIES

THEN COUNT IT CORRECTLY and it ALL BELONGS TO YOU

N JANUARY 1st the Herald will give away a gallon jar filled with money to the person or persons who can count it correctly. There are pennies, nickels, dimes, quarters, half dollars, dollars and bills of various denominations—nothing in it but money. You have just as good a chance to get it as anybody. The jar was filled and sealed at the Millikin National Bank. The contents cannot be disturbed, for the bank's seal is on the ribbon holding the stopper in place. Not a soul knows the amount of money in the jar—not even the proprietors of the Herald or the men who filled it. and no one will know until the first of January, when it will be counted by a committee of business men of Decatur and the prize awarded.

HERE IS THE PROPOSITION:

The entire amount goes to the person or persons counting correctly the contents of the jar. If two or more persons count it correctly, the contents will be divided equally among them. If no one counts the amount exactly, the persons getting nearest will get the money. In other words, the best counter gets the money.

THE HERALD WILL ALLOW YOU TO TURN IN YOUR COUNTS ON THE FOLLOWING BASIS:

- 1. One count with every ten cents paid on subscription in advance on Daily or Semi-Weekly.
- 2. Two counts with every 25 cents paid on want advertisements in advance.
- 3. Every person bringing in a new subscriber will be allowed a count with every ten cents paid on the new subscription. The new subscriber will also be allowed a count for every ten cents which he has paid.

NOTE THIS: While no one in the employ of the Herald knows, or can possibly discover the exact amount of money in the jar, yet no person employed directly or indirectly by this paper will be allowed to participate in the contest at all. No person connected with the Herald or members of their families will be allowed to submit any counts under any circumstances. The contest is free-for-all under the conditions stated and there are no handicaps. Everybody starts from the scratch, and you stand as good a chance as any one on earth. You are in invited to visit the Herald, see the money in the jar, and count early and often on the amount in it.

Slips on which to put your count may be had at the Herald office or of solicitors. You cannot use any other slips but these. All counts will be placed in a box and opened on the day the jar is opened.

TWO VISITS TO PHILADELPHI

Will be Made By President Roosevelt Next Month.

Philadelphia. Oct. 28—President Roosevelt will be in Philadelphia twice next month. His first visit will be on the day after the election when he will participate in sesquicentennial celebration of George Washington's apprenticeship as a free mason. The second visit will be November 22, when he will take part in the exercises at the dedication of the boys' high school. The masonic festivity will be attended by masons from all over the country.

MEASURING SOCIAL.

Held at Tabernacle Last Evening—The Program The Senior Endeavor of the Taber-The Senior Endeavor of the Tabernacle held a measuring social in the basement of the Tabernacle last night. Tape measures were placed about the church and the height of each of the company was taken. Then you paid five cents per foot and one cent for the inches. The novel catertamment created much mirth. The following program was rendered during the evening. Senator Allison delivered the principal address of the afternoon, and Secretary Shaw, also spoke briefly, covering his views of the tariff residence of the principal speaker tonight.
